Subject: Documentation

Hi Derrick,

I have attached the following to this email;

- Newest RCRA hazardous waste certificate
- Contingency plan
- Safety equipment and safety equipment diagram
- Spill or fire assistance letter
- Missing biennial report
- 3 missing signature manifests
- LDR's for hardened moisture cure, scrubber sludge & caustic sludge
- Waste profiles for hardened moisture cure, scrubber sludge & caustic sludge
- TCLP for floor sweepings
- Photos of the labeling issues noted during the walkthrough

A couple questions you had as well;

The property is approx.. 19 acres

The containment size for our 90 day area is 898 gallons

Let me know if there was anything else needed.

Thanks,

Chris Thompson
